Hi Tom,

Thanks for sharing this information. I would recommend that you send out an agenda so that we can more easily follow the discussion and keep things flowing. I also think it would be helpful for folks to more fully understand the purpose of the meeting.

Hi All,

I have spoken to most of you about a conference call scheduled for this Thursday 1/28 at 9am (HST) on glyphosate use. I am asking for a head count for the number of individuals who will be calling in from the neighbor island, mainland or Oahu to help secure the conference call in number. (To be provided later on with an agenda). Please indicate who will be calling in from just one phone line per group. If not from a group, indicate single caller.

For those who will attend in person, the location of the meeting is at:  
Department of Emergency Management (DEM) EOC  
Basement of the Frank Fasi Building  
650 S. King Street  
Honolulu, HI 96813

Thank you.
